

AGM and Technical Meeting 7th October 2020 – Silverstone

Dear Member,

It is with regret that we have taken the decision to cancel the AGM and Technical Meeting which was scheduled for 7th October 2020 at Silverstone. Unfortunately, because of the uncertainty of the Covid-19 virus and decisions taken by Government, we are unable to go ahead with the meeting. It's a great shame as we had nearly 150 members registered to attend, and it would have been our biggest event to date!

The good news is that we propose to shift the technical meeting including all the speakers and the exhibitors to a date, hopefully in the New Year of 2021, using the same venue.

We still have to function as an organization so we will be carrying out a 'virtual' AGM as this is one of our critical years where we propose and inaugurate a new President for the next two years. We also have to function and carry out our company business which we need to present and propose to members for approval. So, the virtual AGM will go ahead on the 7th October and we will post all the necessary papers out to members within the next two weeks. This notice today will make sure that we fulfil our obligations to give members at least 28 days notice of our AGM. Naturally it will be foreshortened and we further propose that the business of inaugurating the President properly will take place as soon as possible when we rearrange the Silverstone Event.

Can we thank all members for their support over these strange times and hopefully we will be 'on track' properly in the near future.

As always stay safe.

Kind Regards

R Docherty (Chairman)

D White (President)
